MEMORANDUM

Date: May 19, 2016
To: All Pastors and Church Members
Subject: **Media Department**

Holy Greetings in the name of Jesus! I am sure all of us are anticipating a glorious time in the upcoming General Assembly.

Efforts are being made to create a “National Media Department”. This department would be responsible for video and audio production of national church events. Part of the responsibilities of the department will be to organize the sales and distribution of high quality DVD & CDs during national events and develop strategies and operations for post event sales.

Therefore, we are seeking highly motivated and faithful individuals (preferably members) to work in this new media department. Individuals seeking to be part of this media ministry should have some experience of a technical nature in regards to videoing and audio operation productions or have the capability to adapt and learn the skills necessary to be successful in producing a quality product (initial training will be provided by the national headquarters).

One of the goals of this new department is to build this ministry to the point where it is self-sufficient from a financial point of view (meaning to buy materials and offset expenses in the operational area of this department...this will occur over a period of time). So, any individual(s) applying should take into consideration that this is a work in progress.

If you are interested in being part of this new and exciting departmental ministry endeavor, please contact Bishop W. Charles Townsend at 317-446-7198 as soon as possible.

Fellow servant in the Lord,

Bishop W. Charles Townsend
